🪪 Profile

A quick learner with a broad variety of skills in the science and technology fields. I am proficient in crafting and enhancing UI designs using a combination of HTML, CSS, TAILWIND CSS, JAVASCRIPT, and REACT.js. I have successfully delivered projects including dynamic landing pages, dashboards, and a variety of other applications utilizing the power of React. A diligent and innovative person with skills that are beneficial to orgaization. Excellent team player that prioritizes achieving the predetermined goals by perseverance, professionalism, attention to detail, and an inventive mindset. In order to improve the organisation. I'm motivated to work well with everyone in the company and to execute projects that will benefit it and to put professional experience and competence to good use.

💼 Work Experience

FrontEnd Developer Intern, *Mavapay*   2025-10 – Present

- Expanding expertise in API integration and bitcoin technology, with focused learning in Bitcoin development.
- Deepening technical skills in API integration and Bitcoin development while maintaining focus on emerging technologies
- Converted Figma designs into production-ready websites, maintaining design consistency and responsive functionality across devices.

FrontEnd Developer, *GreatSome Innovations*   2024-08 – 2024-09

- Collaborated with backend development team to successfully integrate RESTful APIs, ensuring seamless data flow and optimal application performance
- Engineered and deployed responsive web applications using Next.js and TypeScript, implementing modern best practices for type safety and code maintainability
- Contributed to multiple production-level projects, delivering solutions that met client requirements and project deadlines

Frontend Developer, *AremxyPlug*   2023-12 – 2024

Frontend Developer Intern, *AremxyPlug*   2023-09 – 2023-12

- Successfully completed a dynamic 3-month internship as a frontend developer, enhancing my expertise in web development.

- Applied and expanded proficiency in HTML, CSS, and leveraged the power of Tailwind CSS to streamline and elevate the styling process.

- Demonstrated a strong command of JavaScript for creating interactive and responsive user interfaces.

- Mastered React.js to build efficient and scalable single-page applications, contributing to the enhancement of user experiences.

- Collaborated with cross-functional teams, participated in agile development processes, and adapted quickly to emerging technologies and industry best practices.

Key Achievements:

- Implemented innovative solutions, showcasing a commitment to delivering high-quality and visually appealing frontend designs.

- Successfully upskilled in the latest frontend technologies, solidifying a comprehensive foundation in web development.

Technical Skills:

Languages: HTML, CSS, JavaScript
Frameworks/Libraries: React.js
CSS Framework: Tailwind CSS

Tech free bootcamp, *Axiaafrica* 2023
- HTML Fundamentals
- CSS Fundamentals
- Intro to Javascript
- Web development frameworks
- Intro to GitHub
- Built a personal profile project

FrontEnd Engineer Intern, *Axia Africa* 2023
At Axia Africa, I've acquired some skills set in web development, which includes:
- Proficiency in HTML and CSS.
- Responsive Design: Mastery of Tailwind CSS.
- A solid grasp of JavaScript.
- Proficient use of Git and GitHub for effective collaboration, code management, and version control within a team environment.
- Familiarity with VS Code for efficient coding and Netlify for seamless deployment, ensuring smooth development workflows.
- Experience with React JS.

I've applied my acquired skills to develop a range of projects:
- Dashboard Development: I implemented interactive data visualisation to provide users with valuable insights.
- E-commerce Landing Page: Independently designed and developed a responsive e-commerce landing page using Tailwind CSS.
- SAAS Website: Worked on SAAS website.
- Collaborative Landing Page: Worked as part of a team on a landing page project, effectively using Git & GitHub.
- Personal Projects: Created a personal portfolio website showcasing my skills and accomplishments, as well as a task management application using React JS.

As a result of my education, I possess the ability to:
- Build Responsive Interfaces: Develop visually appealing and fully responsive web interfaces across various devices, ensuring a seamless user experience.
- Create Interactive Elements: Utilize JavaScript to craft interactive features that engage users and enhance website interactivity.
- Utilize Modern Tools: Leverage tools like Git, GitHub, VS Code, and Netlify to facilitate effective development, collaboration, and deployment.
- Develop with React JS: Construct dynamic and scalable user interfaces using React JS.
- Work Collaboratively: Effectively contribute to team projects, communicate ideas, and manage code versioning using Git and GitHub.

PROJECTS 2023
- Landing Page (Group Project): Collaboratively developed a landing page using HTML, CSS, and Tailwind CSS with the Axia team.
- Blessing Portfolio: Created a personal portfolio website using React JS to showcase skills and achievements.
- Todo Project: Developed a task management website using React JS for efficient organization.
- Diamond Landing Page: Built a jewelry website featuring HTML, CSS, Tailwind CSS, and JavaScript.
- Groth Dashboard: Crafted a dashboard website utilizing HTML, CSS, and Tailwind CSS for data visualization.
- Cash Landing Page: Developed a logistics website integrating HTML, CSS, Tailwind CSS, and JavaScript.
- Sass Website: Created a SaaS-oriented website tailored to specific business needs.

- Acme Web Design: Designed and coded an Acme-themed website using HTML and pure CSS.
- Ecomarket Project (Group Project): Currently collaborating with Axia team on an E-commerce website, employing Tailwind CSS and React JS.

🎓 Education

HND Science Laboratory Technology (Biochemistry Option),   2019 – 2021
Yaba College of Technology, Yaba

OND Science Laboratory Tecnology, *Yaba College Technology, Yaba*   2014 – 2018

🧠 Skills

Computer Engineeering

Corel Draw

HTML 5
Hypertext Markup Language

Javascript

VS Code
Visual studio code editor

Tailwind CSS

React js

TypeScript

Microsoft Word
Word processing

Microsoft Excel

CSS
Cascading Style Sheet

Git

NETLIFY

GitHub

Next js

🎸 Interests

- Music Instruments
- Video games
- Board Games

- Games
- Scientific Research

📜 Certificates

- AxiaAfrica Frontend development bootcamp
- AremxyPlug Internship Certificate

- AxiaAfrica Frontend development program
